

Galm Quartet

rider

Thank you for reading our rider. This document contains a little general information as well as technical details (second page).

Thank you for your cooperation.

General information:

To contact us while we are on the road, try the following phone number(s):

Andreas Fulgosi: + 41 (0) 78 647 22 30 or Laurens van der Wee: + 31 (0) 6 120 59 134

If food is provided, please note there're two vegetarians in the band (no meat, no fish). A simple, nutritious meal will do, no fanciness required (although appreciated). No fast food please.

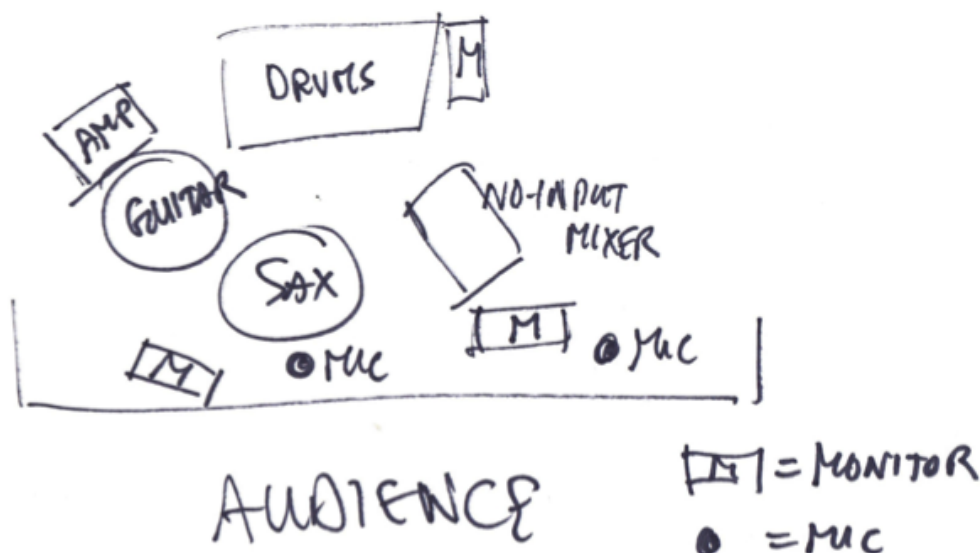

tech rider

We will not bring our own engineer, so when playing amplified over the venue's PA, a sound engineer is absolutely necessary. Contact: booking@galm-quartet.com or info@galm-quartet.com.

Instruments:

- saxophones
- electric baritone guitar
- no-input mixer (electronics)
- drums

Stage plot:

We expect to be available:

- drum kit unless otherwise stated in communication
- guitar amp (preferably Mesa Boogie Mark IV)
- 1 chair
- microphone for saxophones plus one for announcements

Specific wishes per instrument:

- saxophones: none
- guitar: none besides forementioned amplifier
- no-input mixer: amplification can be done in two ways:
 - when amplified through PA, DI-box + monitoring will do
 - when playing acoustically, a keyboard amp, an additional guitar amp or an active (stage) monitor (all jack-in + EQ) is necessary
- drums: drummer will take his own cymbals, please make sure the drum kit's high-hat clutch is available
